

HEH / LH — *an expression of curiosity*

Not just a restaurant, but *a space to explore* for young, energetic people full of creative energy.

We work closely with local fishermen to bring you some of Andaman's best catches, our fish are dry-aged and process in-house, to intensify the flavor and tenderise the meat, adding complexity and deliciousness to your every bite.

Our menu highlights ingredients of Andaman and imported Australian products. Drawing inspiration from Melbourne—a city of diverse, trendy, and very tasty food
